

Kamlok® Basic Eight

Armor Products is the exclusive supplier of Kamlok® Brand parts. Our basic eight Kamlok® parts are utilized for multiple fluid handling applications. Kamlok® Brand adaptors, couplers and dust cap / plugs with Twin-Kam Arms® can be found in industries such as tank trucks, chemical, food and beverage, hose assemblers, and military applications. Anodizing is available upon request for all parts: Olive Drab, Sand / Tan, Clear, and Hardcoat.

Kamlok Brass & Aluminum Couplers

1. Easy coupling action

2. Highest quality gasket materials

3. Stainless steel pins

4. Highest quality alloys

5. Hydrostatically tested

6. Exclusive Twin-Kam® arms

7. Guaranteed-For-Life Arms

- Minimal effort at the ends of the cam arms is used to close the adaptor and the coupler.
- Will not rust or bind.
- Our strong arm guarantee: In the unlikely event a Twin-Kam arm ever breaks, we will replace the arm for free - no questions asked.
